TABLE A – STAFF COSTS (AMOUNTS IN EURO PER DAY) PROGRAMME COUNTRIES

The category of staff to be applied will depend on the work to be performed in the project and not on the basis of the status or title of the individual. In other words, staff costs related, for example, to an administrative task that has been carried out by an academic should be charged under the category "Administrative staff". Actual remuneration modalities of staff involved in the project will be defined jointly by the organisations involved in the project, endorsed by the managers responsible for their employment and will be part of the partnership agreement to be signed among the partners at the beginning of the project.

The unit-cost which will be applicable to calculate the grant will be the one of the country in which the staff member is employed, independently of where the tasks will be carried out (i.e. a staff member of an organisation of Country A working (partly) in Country B will be considered for the unit-costs under Country A).
